

# Acceptable Use Agreement for Digital Technologies

## Part A: School Profile Statement

**Elmore Primary School** recognises the need for students to be safe and responsible users of digital technologies. We believe that explicitly teaching students about safe and responsible online behaviours is essential and is best taught in partnership with parents/guardians. We request that parents/guardians work with us and encourage this behaviour at home.

At **Elmore Primary School** we:

- Support the rights of all members of the school community to engage in and promote a safe, inclusive and supportive learning environment.
- Have a Student Engagement Policy that clearly states our school's values and the expected standards of student behaviour, including actions and consequences for inappropriate behaviour.
- Educate our students to be safe and responsible users of digital technologies.
- Raise our students' awareness of issues such as online privacy, intellectual property and copyright.
- Supervise students when using digital technologies for educational purposes.
- Provide a filtered internet service but acknowledge that full protection from inappropriate content can never be guaranteed.
- Respond to issues or incidents that have the potential to impact on the wellbeing of our students.
- Know that some online activities are illegal and as such we are required to report this to the police.
- Provide parents/guardians with a copy of this agreement.
- Support parents/guardians to understand the importance of safe and responsible use of digital technologies, the potential issues that surround their use and strategies that they can implement at home to support their child.

## Part B - Student Declaration
