Grade 3

Dear parent/guardian,

Elmore Primary School is looking forward to another great year of teaching and learning and would like to advise you of Elmore Primary School's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Students will have access to all resources and subscriptions listed in the curriculum contributions and other contributions areas, regardless of the school receiving any payment from families.

Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. In recent years our school has benefited from a comprehensive refurbishment, with the Elmore Primary School Council contributing towards renewing student furniture, additional fixtures and purchasing digital displays in each classroom.

In 2024, we aim to complete grounds works which will enhance the appeal of our school entrance and play spaces for our students. We are eagerly looking forward to the learning opportunities that these will present. Your consideration in supporting the school to further resource these spaces would be greatly appreciated.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Aaron Taylor

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
